

Dr. Martin G. Peter

Professor Emeritus, Natural Products Chemistry

e-mail: Martin.Peter@uni-potsdam.de

1962 - 1968: Chemistry and Biochemistry, Universities of Marburg and Tübingen, Germany, and Zurich, Switzerland. 1968 Diploma in Biochemistry.

1973: PhD in Organic Chemistry, University of Zurich, Switzerland

1973 - 1976: Postdoc, Texas A&M University, research on insect juvenile hormones. NIH and Robert A. Welsh Fellowships.

1976 - 1994: Independent Research assistant, University of Bonn, Germany, research on insect cuticle, melanins, sclerotization, chitin.

1983: *Heisenberg*-Award, Deutsche Forschungsgemeinschaft.

1986: Head of Pharmaceutical Synthesis at Merz & Co., Frankfurt / M.

1986: Assistant Professor, University of Bonn.

1987 – 2010: Visiting Professorships and research projects on natural products and chitosan with universities in Addis Ababa (Ethiopia), Concepcion (Chile), Campinas (Brazil), and Nairobi (Kenya).

1992: Foundation member, EUCHIS; Treasurer 1992 – 1996, President 1999 – 2004, Assistant Secretary 2015 – present.

1994 - 2008: Professor, Natural Products Chemistry, University of Potsdam, Germany. Director, Interdisciplinary Research Centre for Biopolymers.

Retired 2008.

2008 - 2010: Research Fellow, CNPq and FAPESP, Campinas, Brazil.

Bibliography: 195 Publications, including Research Papers, Books, and Book Chapters; not including Abstracts and Conference Presentations.
